# Young Adults

We are a community of 18-29-year-olds who are trying our best to be:

**Hospitable.** Welcoming you just as you are and having a desire to have a non-threatening atmosphere to those who are new or seeking Jesus.

**Transformational.** Learning what it means to follow Jesus, learning what it means to be a disciple and to experience significant life-changes.

**Missional.** Joining God on His mission and discovering what that means for each individual person.

# Our Gatherings

## Saturday Night Service. *The Hub.*

The Saturday night service is a Hub for us. A service not exclusive to us, but designed with us in mind. We gather with our broader church community to worship and dig into the word. As soon as the service is over, we jump into table discussions, to unpack and apply what we have just worked through as a community.

**WE ARE ALL ABOUT EQUIPPING  
YOUNG ADULTS FOR A LIFE WITH GOD.**

After wrapping up our table discussions, we then break out into time as a community whether sports in the gym, video or table games, or just coffee together. Also, every month, we connect after the service to build community through a larger activity or event.
